

Household Chemical Collection

- When possible, keep products in original container with labels intact.
- Wrap leaking containers in newspaper and place in a plastic bag. Ensure all lids and caps are tight.
- Place items securely in boxes for transport. Use newspaper or cardboard as fillers.
- Do not leave material in hot unventilated area for long periods. Do not smoke near chemicals.
- Clean Harbors, the largest hazardous waste disposal company in North America, has been providing disposal services at VPPSA events since they began in 1997. Clean Harbors provides a broad range of hazardous and non-hazardous waste recycling, treatment and disposal, laboratory chemical packing and household hazardous waste management services.

Computer Recycling

- Our contractor, Computer Recycling of Virginia, understands and accepts the responsibility of protecting its client's data. Since 2001, every hard drive has been erased using software that meets or exceeds all industry standards, including the NIST 800-88. Once the wipe process is complete, any hard drive that fails the wipe process is physically destroyed.
- The mission of Computer Recycling of Virginia, Inc. (CRVA), which was founded in February 2001, is to place educationally –useful equipment into Virginia's schools and non-profit organizations free of charge, while promoting electronics recycling throughout the Commonwealth of Virginia.

At the collection:

- A VPPSA employee will ask you which city or county you live in, and what materials you've brought. Proof of residency may be required.
- You will be directed to a work area where VPPSA employees will unload your vehicle. Please stay in your vehicle unless requested to do otherwise.
- There are separate drop off points for household chemicals and computers.
- Be prepared to identify your materials. If you are unsure of any material, please notify a VPPSA employee before they begin unloading.

What is VPPSA?

The Virginia Peninsulas Public Service Authority (VPPSA) is a regional governmental agency, dedicated to helping communities solve their solid waste management needs. There are ten member communities including Hampton, James City County, Poquoson, Williamsburg and York County on the Peninsula, and the counties of Essex, King William, King and Queen, Mathews and Middlesex on the Middle Peninsula.

VPPSA provides scheduled Household Chemical Collection events and Computer/Electronics Recycling events for residents of its member communities on the Peninsula. In addition to these events, VPPSA also provides the following services on the Peninsula:

Curbside Recycling in James City, Poquoson, Williamsburg and York.

Yard Waste Composting at the VPPSA facility at 145 Goodwin Neck Road, Yorktown. Quality mulch and compost products are available for purchase. The Compost Facility is open Monday—Saturday from 8am until 4pm. For more information call 757-898-5012.

For more information go to our website at www.vppsa.org or call us at 757-259-9850.

To stay informed on all VPPSA programs-
Send your email address to us at curbsiderecycling@vppsa.org and we'll add you to our e-notification list.
